New Mexico Industrial Suppliers invited to Expo Maquila Trade Mission and Matchmaking Sessions

SANTA FE, NM – New Mexican companies interested in exploring supply opportunities with Mexico's maquiladora (twin plant) industry are invited to participate in a trade mission and matchmaking sessions that will take place November 11, 2009 in El Paso, and November 12 and 13, 2009 in Juarez, Mexico. Organized by the New Mexico Economic Development Department's Office of Mexican Affairs and Trade, in conjunction with the International Business Accelerator and the Juarez Economic Development Department, this event will be designed to put New Mexican suppliers in direct contact with the purchasing managers of maquiladoras.

Up to 30 purchasing managers will be providing lists of the production inputs and industrial processes that they are currently in search of, including plastic injection, packaging, metals, and resins. Based on these needs, companies will then be recruited to participate in the trade mission, which will include one-on-one meetings with the purchasing managers in both El Paso and Juarez.

For more information or to secure your company's participation, please contact Randy Trask (505-231-0677 or randall.trask@state.nm.us) of the Office of Mexican Affairs or Jerry Pacheco (575-589-2200 or jerry@nmiba.com) of the International Business Accelerator.
