PESCO Incentive Success Story

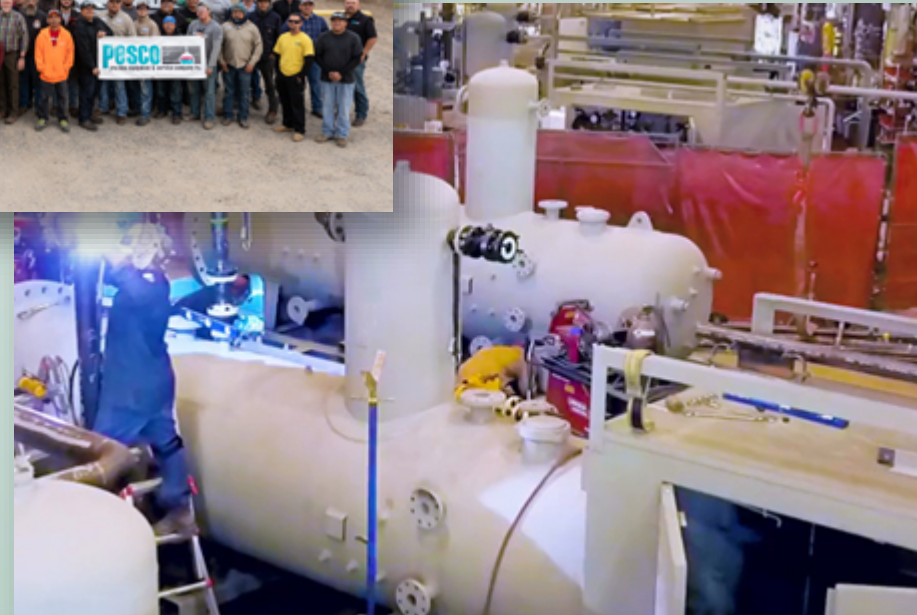

- A Rhodes family company since 1970 -

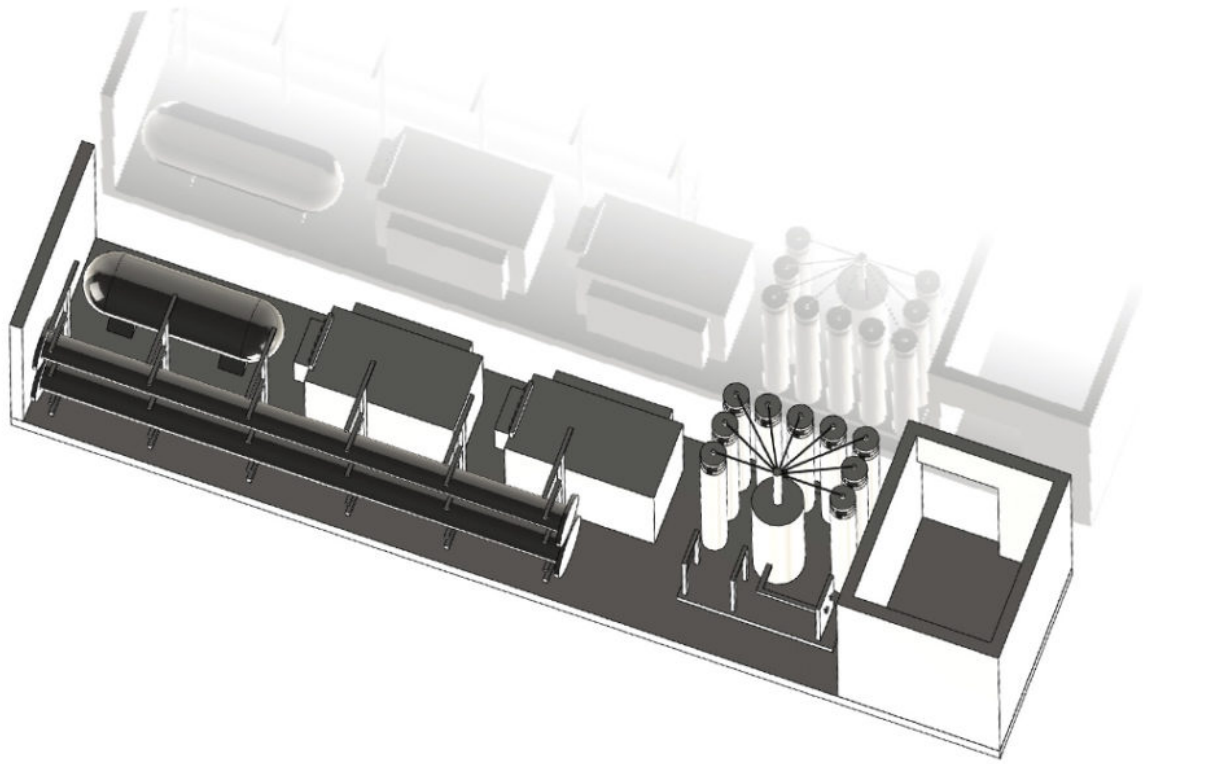

PESCO Rapid Expansion

Just over 180
Employees in
2016

Currently at
over 470
Employees

Bayotech in ABQ plans to roll out modular, transportable units that will allow hydrogen, ammonia, and fertilizer producers to produce fuel and fertilizer on the spot instead of at large, centralized facilities.

Upskilling and Workforce Training

SAN JUAN COLLEGE

Utilized “Earn While you Learn” program to cover the cost of the course 50% of wages of those that took the boot-camp and covered OTJ for an additional 4 weeks after.

Facility Expansion

A total of \$2.35 million in LEDA funds is going to help PESCO add nearly 80,000 sf of additional production and office space to accommodate their exponential growth.
